## Development Camps

**Volleyball Development Camps is delighted to be able to welcome campers back after this enforced layoff.**

Our number one aim has always been to make our camps an enjoyable but above all else a safe experience for everyone involved. As we are sure you can imagine we face new challenges in running camps and we have been working with both Volleyball England and ACS International Schools while also casting an eye on what is being done in other countries to make our camps as safe as possible.

We will be adopting the Volleyball England "Return to Play" requirements and recommendations as well adhering to ACS's enhanced Campus security protocols, which includes the following: -

- The camps will be operating within their own "Bubble" on the Campus with specific Drop Off and Pick Up points. Arrival should be no more than 15 minutes before the start of training.
- A dedicated entry point into the Sports Centre away from other users.
- Temperature checks
- Dedicated toilet facilities exclusively for camper use.
- Each camper will have their own separated area for storing their bags, water bottle(s) and taking breaks.
- Regular breaks for drinks and sanitising.
- Equipment including the balls will be sanitised throughout the camp.
- Drills designed to minimise close contact.

While we are doing everything that we can to minimise the risk of campers and coaches at the camp it simply is not possible to mitigate all risks related to COVID-19.

We therefore require that, in addition to our standard terms and conditions, Parents and Guardians of campers under the age of 18 years or campers over the age of 18 years old sign below that:-

1. I understand that there are levels of risk of contracting Covid-19 by attending this camp.
2. Repeated failure to comply with COVID-19 safety measures at the camp will be treated in the same way as someone causing disruption at a camp as laid out in our Term and Conditions on the website.
